# WELCOME TO RYTA

## OUR PROJECT:

This project is a Capacity Building initiative in the field of Youth approved by EACEA in the frame of Erasmus+ Programme. Our project aims to create a space for young disadvantaged people who live in remote areas of Euromediterranean countries providing them with training and sources to develop their skills and become active citizens by improving their knowledge and raising their voices. Through an online platform we will provide training materials and we will organize e-councils and e-meetings with youth and stakeholders online and offline!

## WHO IS IN OUR PROJECT?

Our consortium is established by organisations coming from Greece, Italy with 2 partners from the islands of Sicily and Sardinia, Tunisia, Lebanon and Jordan! The partners are all NGOs active in the field of youth education and experienced creators of educational activities for young people in different regions and areas.
